PROFESSIONAL SUMMARY

Motivated and detail-oriented Entry-Level MERN Stack Developer with hands-on experience engineered from building production-grade web applications, RESTful APIs, and responsive database architecture. Proficient in React.js, JavaScript (ES6+), Node.js, Express.js, and MongoDB. Demonstrated expertise in translating UI/UX designs into scalable full-stack code. Seeking an entry-level software engineering role to leverage skills in building robust web applications.

TECHNICAL SKILLS

Frontend:	React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Flexbox, Responsive Web Design
Backend:	Node.js, Express.js, RESTful APIs, Asynchronous Programming, CRUD Operations
Database:	MongoDB, Mongoose ORM, Schema Design
Tools & Workflow:	Git, GitHub, Postman, VS Code, npm, GitHub Pages

HIGHLIGHTED PROJECTS

MERN CRM System | MERN Stack (React, Node.js, Express, MongoDB) GitHub Repository

- **Engineered** a scalable Customer Relationship Management (CRM) application with complete CRUD functionality for managing leads, pipeline stages, and client records.
- **Integrated** dynamic RESTful APIs backed by Express.js and MongoDB Mongoose models to stream real-time client updates and pipeline logs.
- **Implemented** client-side state management in React and automated form validations to secure data submission workflows.

E-Commerce Backend System | Node.js, Express.js, MongoDB GitHub Repository

- **Architected** a robust backend API service powering e-commerce operations, including user authentication, product catalog handling, and order management.
- **Optimized** database querying and error-handling middleware using JavaScript async/await, reducing endpoint response latency across high-frequency requests.

E-Commerce Frontend Web Application | React.js, Bootstrap, JavaScript GitHub Repository

- **Developed** a fully responsive e-commerce web platform featuring interactive product cards, dynamic filtering, and custom shopping cart state management.
- **Utilized** Bootstrap grid system and modern CSS layouts to ensure seamless mobile and desktop cross-browser compatibility.

PROFESSIONAL EXPERIENCE

NOC Executive | Jio Telecommunications 2024 – Present

- **Monitored** critical operational logs and telecom network infrastructure to ensure system stability and strict SLA compliance.
- **Escalated** technical incident reports, performing primary root-cause troubleshooting in active coordination with cross-functional technical teams.

EDUCATION & CERTIFICATIONS

Full Stack Development (MERN) Certification 2026

Entri Elevate (In Collaboration with Illinois Tech, USA)

Bachelor of Engineering (B.E.) in Mechanical Engineering Graduated

PB College of Engineering, Tamil Nadu
